Universidad Privada del Norte, Perú **2016 - 2020**

Bachelor of Science in Industrial Engineering - Top 10% of the class

WORK EXPERIENCE

Banco Falabella, Peru **2025-2026**

Latin America's leading retail bank within the Falabella Group with total group revenues exceeding $14 billion

Growth Product Manager

- Expanded addressable market 10x by building a new credit product end-to-end for the underbanked, aligning cross-functional teams to compress onboarding from 15 to 3 days and achieving national rollout in 6 months
- Drove 50% growth in new users by launching a digital acquisition channel and optimizing funnel screens through click-level behavioral analysis with AI agents as digital banking became Peru's market standard
- Grew Monthly Active Users by 10K monthly on a 1.5M user base by lifting activation from 70% to 85% through a propensity model combining purchase data and credit behavior to target high-intent prospects
- Improved digital product activation from 50% to 60% by analyzing funnel data to uncover a broken onboarding flow and prioritizing urgent fix using business value vs. effort scoring to address possible trade offs
- Discovered through A/B testing that customer preferences varied significantly by income segment, reshaping channel strategy across digital and physical touchpoints while reducing customer acquisition cost in 15%
- Designed a new debit product by benchmarking across competitors and regions to define key features and reviewing Figma iterations with design team to simplify user flow, projecting 10% growth on full deployment
- Reduced churn by 0.5pp across a 1.5M user base by running cohort analysis on user behavior to identify at-risk segments and deploying differentiated retention strategies for high-value members
- Grew customer pre-approved base by 10% by querying Peru's national credit registry with AI to identify under-25 segment as a potential demographic maintaining controlled credit risk
- Cut referral CAC from $35 to $25 by analyzing application-to-activation conversion rates to detect outlier commission patterns and negotiating a shift to performance-based payouts across a massive channel

McKinsey & Company, Peru **2021-2025**

Business Analyst (2023-2025) | Junior Analyst (2021-2023)

Product Strategy & Customer Discovery

- Proposed a digital wallet and BNPL product roadmap for rural business owners by conducting 10+ customer discovery interviews to build user personas, projecting 10% client growth at Bolivia's leading microfinance bank
- Built a distribution channel growth framework for 2 insurance clients in Guatemala and Panama, analyzing broker concentration, agent performance profiles, and digital channel gaps projecting 30-50% EBITDA growth

Strategic Analysis & Organizational Design

- Modeled expert-to-junior talent ratios and costs across 2 Agile tribes at Peru's largest bank to redesign squad compositions, piloting a more efficient structure that projected 10% productivity gains across 500+ FTEs
- Reversed a planned market exit for a LatAm gas station chain, building a financial model that benchmarked global convenience store revenues and identified an untapped opportunity, retaining 100+ locations and 200+ jobs

Go-to-Market & Commercial Strategy

- Diagnosed underperforming regions through sales data analysis for a Colombian insurer aligning branch managers on targets to drive policy sales 20% above projections through commercial systematic initiatives
- Designed and executed a go-to-market playbook for Ecuador's leading home appliances company, aligning stakeholders and tracking revenue per rep to drive 10% revenue growth across the sales team

ADDITIONAL

- **Entrepreneurship:** Founded and scaled Cultivos, a honey and coffee sourcing business, from 0 to 2k sold by building a brand community of health-conscious mothers through organic social media and word-of-mouth
- **Awards:** Represented Peru twice at Hult Prize Regional competitions leveraging design thinking to create business solutions for restaurant food waste and ecological fuel production, competing against 100+ teams globally
- **Interests:** Chasing new cultures through local food and traveling (21 and counting); passionate "marinera" dancer
